

ORGANIC DETOXIFYING SHEET MASK

R&D 2018-18/D06-2
Available in single sachet

ExpoScore : 2.0
AppScore: BACAA

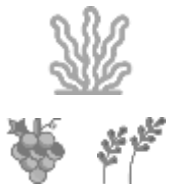

Claims & Competitive advantages

Purifies and detoxifies. After removal, the skin is purified, looks radiant and revitalized and the pores are tightened and the skin smoother.

99.4% of natural origin ingredients, 20% of organic ingredients
Easy to apply and pleasant fragrance

Your skin reacts to pollution and variations in climate. As does any organ, the skin produces waste generated by cellular metabolism that needs to be eliminated in order to remain in good condition. External toxins can prevent its proper functioning. The detoxifying and purifying mask eliminates toxins from the skin for a fresh and bright complexion.

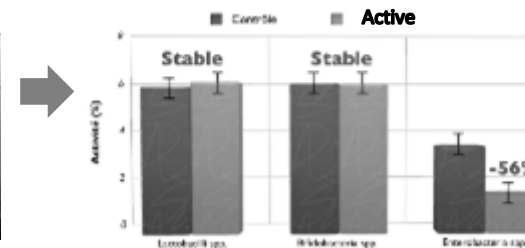

Key ingredients

Active ingredient from microalgae, oxygenating, detoxing and regenerating. Arctic wild berry extract, contains organic acids with a regenerating effect as a result of their exfoliating action, and phenolic compounds that play a detoxifying role.
Cornflower distillate that combats inflammation and tones the skin.
Aloe Vera that hydrates and soothes

Efficacy & Harmlessness

Active ingredient from microalgae, oxygenating, detoxing and regenerating. It regulates the flora by inhibiting the growth of pathogenic bacteria and ensuring the proliferation of favourable bacteria.

Mask sheet & packaging

100% natural biodegradable and compostable mask sheets:
- Organic cotton: for Cosmos Organic certification
- Tencel for a gentle application, soft and with second skin effect.
Packaging: single aluminum sachet.
